- Grilled Littlenecks Recipe

Snow's 
Fuel Company

Friends & Neighbors,

Happy spring! We'd like to take a moment to thank all of our customers for their continued support through another Cape Cod winter.

As you begin to check things off your spring cleaning to-do list, remember that you don't have to do it alone! Snow's is here to help you prep your home for the warmer months. We do this by providing air conditioning tune-ups, new equipment installations, plumbing services, home monitoring, and more. Whether you need to schedule annual service, request a plumbing repair, or have questions about fuel price protection for next year — we're always just a call away.

Snow's is happy to announce that we will be open select Saturdays through the summer. That way, you can fill your propane grill tank or stop by to pay your bill when it's convenient for you! Visit our website or see the reverse of this newsletter for specific Saturday hours and dates.

As always, we thank you for being a Snow's customer. We hope you have a great summer!

Sincerely,

Sid Snow, Owner
Jorge Castillejo, President

Plumbing Services for All Seasons

Springtime is go-time for homeowners on the Cape. Whether you are opening your summer home or doing some plumbing updates on your year-round residence, Snow's is here to make sure your projects are finished before Memorial Day weekend.

Need plumbing service on Cape Cod? Call Snow's at (508) 255-1090.

Seasonal Plumbing Service

We can help turn on your water, assess your plumbing for wear and tear, and make any necessary repairs or replacements.

Water Filtration

Water softening and filtration services help guarantee safe drinking water, reduce energy costs, and extend appliance lifespan.

Leaks, Drips, and More

Need a quick fix? Snow offers all types of plumbing services to solve common issues like running toilets, leaky pipes, and more.

PROPANE: THE SUMMER FUEL SUPERHERO!

Indoor and Outdoor Energy Uses

Homeowners on the Cape rely on propane for a variety of applications. It is a super-efficient fuel that goes beyond home heating to power essential home appliances like stoves, clothes dryers, water heaters, and more. Snow's offers reliable propane delivery and service for all your needs.

Popular Propane Uses

- ✓ Water heating
- ✓ Whole-home heating
- ✓ Cooking
- ✓ Fireplace and indoor space heating
- ✓ Clothes drying
- ✓ Generator power
- ✓ Pool heating and fire pits
- ✓ Grilling
- ✓ Outdoor lighting and heating

Contact us to learn more about what propane can do for outdoor entertaining and indoor appliances!

Snow's will be open special Saturday hours during the spring and summer. See reverse for details!

Grilled Littlenecks

Ingredients

- 24 Littleneck clams
- 2 tbsp. butter
- 4 cloves garlic
- 1 large lemon

Instructions

1. Buy or dig two dozen Littleneck clams. If you are buying from a market, be sure none of the shells are open. Turn on your grill. Rinse clams carefully and discard any that are cracked, broken, or open.
2. Put the clams on a very hot grill and cook for around 10 minutes until the clams are open. While the clams are cooking, chop up the garlic very fine and sauté gently in the butter.
3. When the clams are open, squeeze a little fresh lemon juice and dab a bit of the melted garlic butter on each one. Can be eaten right out of the shell. Carnivores can add some cooked and crumbled bacon.
