A Message from Your Local Fuel & HVAC Company

To Our Valued Customers,

Snow's Fuel Company is here for you during these challenging times. As always, our customers remain our first priority. We continue to provide fuel deliveries, service repairs, and emergency HVAC service. We are closely following proper protocols, including social distancing and the use of gloves and masks, in order to protect the safety and health of our employees and our customers. We are in the planning stages of reopening the propane BBQ gas tank filling location and walk-in customer service area in a safe manner.

Though our circumstances have changed recently, our commitment to you remains the same. We have been providing service and putting our customers first for over 125 years, and we will continue to do so even during these uncertain times. If you have any questions or suggestions on how we can improve our adjusted services, feel free to reach out.

Sincerely,
The Snow's Team

Now Offering Quality Air Filtration Services

Help your family breathe easier with improved indoor air quality. Snow's Fuel Company is pleased to offer quality air filtration services on Cape Cod. We carry top-of-the-line air filtration and air purifier systems from iWave® and REME HALO®.

What can an air filtration system do for you?

- Filter out allergens, pollen, dander, and other airborne particles
- Eliminate or reduce lingering odors
- Lower the risk of congestion, sore throat, and other respiratory issues
- Give your family peace of mind and better comfort
