

SPRING 2024

# The Pipeline

STRAIGHT TALK & TIPS FOR SNOW'S CUSTOMERS

*Snow's*   
Fuel Company

## WHAT'S INSIDE:

- A Message from Our President
- Talk Shop with Harrison Snow
- Our Commitment to Protecting Our Environment
- Total Home Comfort Services

Dear Friends and Neighbors,

We at Snow's Fuel Company are looking forward to warmer temperatures and sunny skies this spring, and we want to take a moment to share our gratitude for you, our loyal customers. Being trusted with your home's comfort is a responsibility we don't take lightly, and that's why we've been offering the best energy services on the Cape for six generations now. Our diverse service offerings, collection of family businesses, and active participation in our community is second to none.

This season, we're pleased to introduce a new feature on our website: Talk Shop with Harrison Snow. If you have a question or concern that you'd like me to address, simply fill out the form on this new page and I will get back to you as soon as possible. The form connects directly to my personal email inbox, so you can rest assured that I will see your submission and respond in a timely manner.

Also, we wanted to share what we're doing to help protect our environment here in Massachusetts. For example, back in 2007 we were one of the first Cape companies to begin selling biodiesel, and our blend today has a higher percentage bio blend than is mandated by the state. And finally, we'll be going over some of our extensive services, as a reminder that we're always here when you need us.

Ready for your next fuel delivery, HVAC installation, or plumbing or electrical project? Reach out to us online or by phone at (508) 255-1090—we can't wait to work with you.

Warm Regards,

Harrison Snow | President

## TALK SHOP WITH HARRISON SNOW

Have a question about our services or your home's comfort? Visit our new Talk Shop with Harrison Snow page and submit the form to get your answer directly from our company's president!

## WE'RE PROUD TO HELP PROTECT THE ENVIRONMENT

At Snow's, we're always looking for new ways to further our agenda of sustainability. We recognize that we have a duty to help protect the environment as part of our Cape Cod community, and we're proud to accomplish this task in many ways. Some of our initiatives include:

- Delivering eco-friendly Bioheat® fuel, which greatly lowers emissions
- Installing and servicing high-efficiency heating and cooling systems
- Using less paper by offering paperless billing and doing less mailing in general

Help us work toward a renewable future! Log in to your account on our website and switch to paperless billing today.

## BENEFITS OF BIOHEAT® FUEL

There are many outstanding benefits for your family and the environment that come with using Bioheat® fuel, such as:

- Reduced carbon emissions
- Sustainable, domestic production
- Compatibility with current oil heat systems
- No expensive conversions

If you need a Bioheat® fuel delivery on the Cape, give Snow's a call or place an order online today!
