To-Go Electricians on
the Cape

Transform Your Outdoor
Living Spaces

Be Summer-Storm
Ready with a Generator

To the Members of Our Community,

Summer is finally here! There's truly nothing like it on the Cape, and the team at Snow's Fuel is excited for you to enjoy another season with your loved ones in the sun, on the beach, and taking advantage of all your other favorite activities.

As always, we're here to make your summer as comfortable and stress-free as possible. No matter if you're enjoying your seasonal home or preparing your year-round property for the warmer weather, you can count on Snow's for fast, reliable service. From energy-efficient A/C installations and repairs to expert electrical services and propane delivery, we've got everything you need to start your summer off right.

We've been a part of the Cape Cod community for decades, and our team is just a phone call away to get the most of your home energy systems.

Thank you for choosing Snow's Fuel and we hope you have a fun, relaxing summer.

SNOW'S SPOTLIGHT: YOUR GO-TO ELECTRICIANS ON THE CAPE

The electricians at Snow's Fuel are dependable, versatile, and provide our clients with unmatched customer service. Whatever you're looking for, our team has you covered:

- ✓ New Construction and Renovation Rewiring
- ✓ Electrical Panel Upgrades and Circuit Break Services
- ✓ Lighting and Fixture Installations
- ✓ Outlet and Switch Services
- ✓ EV Charging Station Installations
- ✓ Generator and Thermostat Installations

To learn more about our electrical services, please visit our website at: snowsfuel.com/electrical-services/ or give us a call (508) 255-1090 to speak with our experts!

TRANSFORM YOUR OUTDOOR LIVING SPACES

Take advantage of your outdoor space this season by upgrading your amenities to include propane connection. The team at Snow's can help open a world of possibilities with things like:

- ✓ Patio Heaters
- ✓ Outdoor Kitchens
- ✓ Outdoor Showers
- ✓ Pool and Spa Heaters
- ✓ Custom Fire Pits

BE SUMMER-STORM READY WITH A GENERATOR

New England weather can be unpredictable, and it's not uncommon for a big summer storm to cause a power outage.

Keeps the A/C Running:

The right generator can ensure your cooling system stays on during a power outage.

Can Prevent Flooding:

A bad storm can cause flooding, and if you don't have backup sump pumps or a sump pump that doesn't require electricity, you will not be able to keep water out of your basement or crawl space.

Disrupts Less of Your Day:

A generator will help ensure that most, if not all, of your day can stay on-track, even if a storm comes rolling through.

Keep Your Generator in Top Shape with a Service Plan

No matter if it's for a new or existing system, a generator service plan is a smart investment to make to ensure your system is in great shape every year. Snow's generator service plan includes:

- ✓ Safety inspection
- ✓ 16-point annual tune-up
- ✓ 20% discount on service work
(does not apply to new system replacement)
- ✓ System transfer inspection
- ✓ Emergency and priority service
- ✓ Propane tank monitoring (optional)
- ✓ Propane price protection plans

Take Advantage of Price Protection Enrollment

Snow's Fuel offers Propane Price Protection plans, which are contracts that "lock in" our customers to a fixed price per gallon on propane for one year. Enjoy more predictable monthly utility bills, pay the lowest daily market price, and have peace of mind for your fuel needs this summer and into the winter season.

Call Snow's today at (508) 255-1090 to learn more about your generator options or our limited-time price protection enrollment!
