To Our Neighbors and Friends,

Welcome to our first newsletter of 2026! We hope you had a wonderful holiday season with your loved ones and stayed warm during this particularly cold winter. Our team is ready for spring and the (alleged) warm weather that comes with it!

For more than 135 years, we have been proud to serve our community on Cape Cod, growing Snow's Fuel Company alongside the neighbors and businesses who trust us. What began as a coal and grain transport service has evolved through six generations into a full-service energy company, providing expert service and advice for fuel, HVAC, electric, plumbing, and more.

As your needs have changed, we have adapted with you and are grateful for your continued support. Thank you for allowing our family-owned and operated business to continue serving you this spring and beyond.
