To Our Neighbors and Friends,

As we look back on this past winter, we want to take a moment to say thank you.

February brought one of the toughest storms we've seen in years, but our team was out there keeping customers warm. We've never been the kind of company that shuts down when conditions get rough, and we're proud of every driver, technician, and office team member who showed up day after day to make sure your homes and businesses had what they needed.

We're equally grateful to you. For more than 135 years, six generations of our family have had the privilege of serving Cape Cod, from our early days hauling coal and grain to today's full-service energy company offering fuel, HVAC, electric, plumbing, and more. Thank you for being part of that story.

We wish you a wonderful spring season, and please don't hesitate to reach out whenever we can help.

## Enroll in a Budget Plan

Spring is the time to lock in next winter's peace of mind. Snow's Budget Plan spreads your annual oil heat or propane costs into 12 equal monthly payments, so you can plan heating right alongside your other monthly expenses.

Budget plans run July through June at no extra cost, and you can add Price Protection to cap your per-gallon rate for the season.

**Already enrolled?** You're automatically renewed.

**New to the plan?** Enrollment is open in July for a limited time.
